From the Desk of
Coordinator Women Empowerment Cell

Dear Colleagues,

I extend my warmest greetings for the 2017-2018 academic year. Celebrating a commitment to academic integrity and efficiency, I am honoured to address the academic community as the Coordinator Women Empowerment Cell at JNTUA. We are very proud to start a women empowerment cell in our university.

Over the past decade, gender equality has been recognized as crucial not only to the health of nations but also to their social and economic development. The promotion of gender equality and women empowerment is a key aspect of UNDP's Sustainable Development Goals. It involves promoting equal rights, opportunities, and access to resources for women, enabling them to make independent choices and have control over their lives. Empowered women contribute to economic growth, social progress, and sustainable development. They play active roles in decision-making processes, education, healthcare, and leadership positions. Women empowerment fosters a more balanced and diverse society, where women's voices are heard, their talents are recognized, and their potential is fully realized. It is a vital step towards building a more equitable and harmonious world for all. Our university started this prestigious cell for women for their empowerment. Thank you for your support.

-- Prof. R. Bhuvana Vijaya

Coordinator

Women Empowerment Cell

1. Introduction

This Women Empowerment Cell has been set up for the development of the women in the University. As per the directions of the Vice-Chancellor, Women Empowerment Cell has been established in Constituted, Affiliated and Autonomous colleges' under the jurisdiction of JNTUA. Every month monitoring of the Girl students, Women Lecturers and Women Non Teaching Staff is done by this cell. Moreover, awareness is created about the problems faced by women in employment and work in the society.

Women Empowerment Cell is designed to empower women socially, economically, politically and legally with a focus on promoting decision making. It conducts various activities and arranges Guest Lectures to accelerate the academic enhancement, leadership development and cultural enrichment in the lives of young women.

Vision

- Women Empowerment mission is to empower the women with own start-up and to make as entrepreneurs
- To strengthen their existing knowledge and impart technological skills such that they become competent and self sufficient.
- To bring awareness on various aspects for their national and global needs

Mission

We envision a world without poverty in which women are empowered, uplifted and equal partners in society. Women live in safe, sustainable environments that include adequate food, water, housing, education and health care. They possess the tools to provide a better life for themselves and their families and they have the hope, opportunity and ability to control their lives and futures.

To empower the status of women through education, raising awareness, literacy and training. To empower women to make life-determining decisions through the different problems in society. To create social awareness about the problems of women particularly regarding gender discrimination.

Objectives

To enable the women, both students and staff to express their grievances freely without any embarrassment and also to get redressal

- Changing negative attitudes, behaviours, and beliefs of the public that they are the main barriers and making obstacles for women's peace, women's role and contribution in the political process, decision making, development, and women's participation in peace building.
- Increase the mass awareness and education on women's peace, women's Rights, women's roles, and contribution to peace building.
- Sharing of experience, exchanging of good practices, and mutual learning between local and International Actors, public authorities' representatives, activist women, and women's union executives,
- Promoting the principle of anti-discrimination and gender equality concepts in governmental and organizations' practices.
- Protect women and young girls from all forms of discrimination and gender based violence.
- Contribute and take positive steps to protect women's rights, participation in the development process, peace building and enhance access to Justice.
- Prevention and protection of vulnerable women and young girls working from sexual abuse, exploitation, and trafficking

ROLES AND RESPONSIBILITIES OF THE WOMEN EMPOWERMENT CELL

- To organize Programmes and Activities for Women Empowerment.
- To encourage Girl Students and Female Staff Members to participate enthusiastically in various Programmes and Competitions.
- To sensitize the Student Community on Eve-teasing, Violence against Women, harassment etc.
- To develop the Self-Confidence of women in building their Self-Identity.
- To review safety and security measures for Female Employees and Girl Students at Campus.
- To promote a Culture of respect, equality and freedom for Female Gender.
- To instill the Entrepreneurial Attitude among the Girl Students.
- To provide psychological support for the Students lagging in Academic Performance.
- To counsel the Girls Students to overcome their Anxiety, Depression, Health issues and Psychological problems.
- To enhance their understanding of issues related to women in the Society and to face the challenges with great courage.
